

IN THE CONGRESS OF THE UNITED STATES

MAY 17th, 2020

Rep Abraham(L-TX-3)CoSponsors:Rep Antonio-Carrot, SPT Broadman

introduced the following bill

A BILL

To increase the supply of affordable and good ammo

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. This act may be cited as the “The Common Sense Firearm Regulation Act”

SECTION 2. Findings.

- (1) Steel and Brass core ammo are often times not effective in piercing armor and as such ammo composed of such materials should not be deemed armor piercing
- (2) Many cheap surplus ammo such as 7N6 which were found to be non armor piercing have been made illegal blocking off supplies of cheap ammo

SECTION 3. Ammo Regulation.

- (1) by striking the following in 18USC section 921

(17)(A) The term "ammunition" means ammunition or cartridge cases, primers, bullets, or propellant powder designed for use in any firearm.

(B) The term "armor piercing ammunition" means—

(i) a projectile or projectile core which may be used in a handgun and which is constructed entirely (excluding the presence of traces of other substances) from one or a combination of tungsten alloys, steel, iron, brass, bronze, beryllium copper, or depleted uranium; or

(ii) a full jacketed projectile larger than .22 caliber designed and intended for use in a handgun and whose jacket has a weight of more than 25 percent of the total weight of the projectile.

(2) ...and replacing with

(17)(A) The term "ammunition" means ammunition or cartridge cases, primers, bullets, or propellant powder designed for use in any firearm.

(B) The term "armor piercing ammunition" means—

(i) a projectile or projectile core in the caliber of which more than 10,000 handguns chambered are produced yearly on the territory of the United States and which is constructed entirely (excluding the presence of traces of other substances) from one or a combination of iron, bronze, beryllium copper, or depleted uranium; or

(ii) a full jacketed projectile larger than .22 caliber designed and intended for use in a handgun and whose jacket has a weight of more than 25 percent of the total weight of the projectile.

(a) EFFECTIVE DATE.—The amendments made by this Act shall take effect immediately
